THE SCANDINAVIAN GOLD CUP 100TH ANNIVERSARY REGATTA

OY VESTEK AB

NEWSLETTER 15TH JULY 2019

Dear 5.5 m Class sailors,
The event approaches and there is time for some detailed information on logistics etc.

1. We suggest you bring your boat to **NJK:s other harbour at Koivusaari** (Sw. Björkholmen) for launching. The street address is Vaskisalmenkuja 9 and Koivusaari is located to the West of downtown Helsinki and the Lauttasaari island.
   If you come from downtown I suggest taking the motor way, direction Hanko but leave it at the first exit, after only about 2 km. Then turn right and continue by Lauttasaarentie and Sotkatie past the Koivusaari metro station. You find NJK on the Western side of the island.

   If you come from the Vuosaari Commercial Harbour it may be wise to take the Ring 1 towards the West. It ends up on the Helsinki – Hanko motorway and you then have to drive just a few km back towards Helsinki, then exit at the first exit (Lauttasaari)

   At Koivusaari you can wash your boat and there is ample storage for trailers etc. There is also a mast crane in case you need it.

   Towing services will be available unless you wish to sail your boat to Valkosaari (Sw: Blekholmen). The distance is about 6 NM, i.e. considerably less than a Gold Cup Course (!)

2. **Information, Notices**
   During the event, the official distribution of information is still paper based. However, we will do our utmost to have all information available on the manage2sail system. Some information is already available there, see https://www.manage2sail.com/sv-FI?

3. **Boatyard**
   Jouko Lindgren's boatyard is available for repairs etc. during the event. If you need to use their services, let me know.

4. For any information or comment concerning the event, feel free to contact me at pata_andersson@hotmail.com, 00 358 40 540 4862.

I look forward to meeting you in Helsinki!

Patrick Andersson
